Harter, John
Hefner, Ryan
Quinton, Aaron

**PAID THROUGH
April 2019**

Nichols, Stephen

**PAID THROUGH
March 2019**

Saunders, Evan

Training Director's Report

Hello from your Training Center! Journeyman Training classes are scheduled for October. Advanced Teledata – Fiber and Cameras, a 2 night (6 hr) class taking place on Wed, Oct 16th and Wed, Oct 23rd 6-9 pm. This class is limited to 10 people. As always, sign-up sheets for classes offered are available at the Union Hall and the Training Center, these must be completed for admission to the class. The need for more electricians/apprentices continues to be very high, so I will continue to take apprenticeship applications and schedule aptitude testing nonstop through the year, so if you know of any good candidates please send them on to me.

As always, please contact me if you have any suggestions or questions.

I can be reached at 419-229-2775 or paul@limajatc.com

DO YOU KNOW ANYONE WHO IS STARTING OUT
IN LIFE, OR LOOKING TO MAKE A CHANGE?

IBEW IS A GREAT CHOICE!

THANK
You
SO VERY
much

Your kindness, generosity and support is truly appreciated! I miss you all and hope to be back to work soon!

☺Penny

The Ole' Guys

September, where in the world has this come from, can't be here already can it?

We did have a good get together at the meeting this month, just got to visiting about several different things and learned about somethings that were pretty interesting. I found out that you really have to watch out for rodents getting into the hood of your car and eating the wiring and really messing things up. We also got into the subject of heart attacks and some of the Doctors that you see to get fixed up.

The meeting is the second Wednesday of the month, 2:00P.M. At the union hall, cookies and soft drinks provided all retirees are welcome.

Things to think about

When you've seen one shopping center, you've seen a mall.

If electricity comes from electrons, does morality come from morons?

Is it still illegal to park next to a fire hydrant, even if your car is on fire?

Why doesn't glue stick to the inside of the bottle?

And finally:

Why do we drive on a parkway and park on a drive way?

R. S.

Jim Hoskins
