Representatives from John Hancock, our record keepers for the Profit Sharing Annuity Plan, will be visiting Local #32 March 17, 2020. Please contact the hall to schedule a one on one meeting, or plan on attending an informative meeting at 6:00pm at the JATC Training Center.

Tuesday, March 17, 2020

One on one meetings — 2:00pm—5:00pm
Informational Meeting — 6:00pm
All Meetings at: JATC Training Center
2285 N. Cole St.
Lima, OH 45801

Open to Journeymen, Apprentices and Retirees.

****Call the hall to reserve time for a one on one meeting****

Training Director's Report

Hello from your Training Center! The insert in your newsletter will now have a schedule of trainings for the upcoming months on the back side. Over the next few months I hope to have all the trainings scheduled for the rest of the year. I hope this will help give those of you who wish to take a specific training time to schedule it in. As always, I will continue to take apprenticeship applications and schedule aptitude testing throughout the year. The next testing will be in April, so if you know of any good candidates please send them on to me.

Please contact me if you have any suggestions or questions.

I can be reached at 419-229-2775 or paul@limajtc.com

The Ole' Guys

February, 2020, time is just flying, doesn't seem like it should be here all ready. We had a nice visit this month about a letter we got telling us we could go back to work if we wanted to. We talked about it and most of us didn't think that our older bodies would let us do it.

We had a talk about how little a job had to be before we would get stove up and not get over the damage we did to it for quite some time, we pretty much thought that we didn't want to have that pain while we were healing up.

The meeting is the second Wednesday of the month, 2:00P.M. At the union hall, cookies and soft drinks provided all retirees are welcome.

Things to think about:

If you drink Pepsi at work in the Coke factory, will they fire you?

Why does Goofy stand erect while Pluto remains on all fours? They're both dogs!

What do they call male ballerinas?

Why do they call it an asteroid when it's outside the hemisphere, but call it a hemorrhoid when it's in your butt?

And finally:

Why is the man who invests all your money called a broker?

R. S.

Jim Hoskins
