The Ole' Guys

January, 2020, just can't be can it? I guess it is what it is but doesn't seem like it can be. We did have a good meeting this month, talked about everything from the expense of weddings to medical costs and taxes.

Had a nice turn out and a real nice visit about all these things. We even would like to thank the men of Local 32 for the Christmas dinner they let us have again and we would like to thank them for it.

The meeting is the second Wednesday of the month, 2:00P.M. At the union hall, cookies and soft drinks provided all retirees are welcome.

Things to think about:

If a bald person works as a chef at a restaurant, do they have to wear a hair net?

If milk goes bad if not refrigerated, why does if not go bad inside the cow?

Since bread is square, then why is sandwich meat round?

Can crop circles be square?

And finally:

Can animals commit suicide?

Training Director's Report

Hello from your Training Center! I would like to thank our apprentices for the work they did this holiday season raising \$1738 for CERT and \$655 and 300 lbs. of food for the Veterans Food Pantry. Their hard work makes our community a better place. When you are working with one of our apprentices please take the time to fill in the comments section of their work report, it helps us in our evaluations and lets us know if there are any problems in the field. As always, I will continue to take apprenticeship applications and schedule aptitude testing throughout the year. The next testing will be in April, so if you know of any good candidates please send them on to me.

Please contact me if you have any suggestions or questions.

I can be reached at 419-229-2775 or paul@limajatc.com
