1975 N, West St,  
Lima, OH 45801

**Training Director's Report**

Hello from your Training Center!

As the health crisis of the coronavirus continues, we are dedicated to doing all we can to provide a safe and healthy learning environment for all our apprentices and members. Our Apprentices are continuing their education through online classes. I am proud to see them all working hard.

We plan on reopening classes, including Journeyman continuing education classes, once we are able.

Nothing is more important than the health and safety of yourself and your loved ones. We urge you all to stay home when possible, avoid close contact with others, and follow all suggestions put forth by the CDC.

Please contact me if you have any suggestions or questions.

I can be reached at 419-229-2775 or [paul@limajatc.com](mailto:paul@limajatc.com)

At the end of the day,  
The **MOST** important  
thing is that you go  
home the same way  
you arrived...

**HEALTHY AND SAFE!**

In response to Governor DeWine's order to isolate for non-essential workers, IBEW Local #32 will be following his directives.

We will be conducting most business from home. We **WILL** be available for questions.

- We will be available by phone. If you get voice mail, **PLEASE** leave a message. We will get back to you.
- We will be available by email. All email addresses are available on the website.
- We will be processing mail. You can send documents, dues payments, or notes to us through the mail.
- **WE WILL GET THROUGH THIS TOGETHER!**

**STAY SAFE**

**The Ole' Guys**

I missed seeing our wonderful retirees this month! They are truly amazing people with the best stories. We will be glad to see them when this is all over. In the meantime, we hope that you all stay safe and healthy!

**Things to think about:**

Why is it that everyone driving faster than you is considered an idiot and everyone driving slower than you is a moron?

Why do they call the little candy bars "fun sizes"? Wouldn't it be more fun to eat a big one?

When does it stop being partly cloudy and start being partly sunny?

Why is it that when we "skate on thin ice", we can "get in hot water"?

How fast do hotcakes sell?

Why doesn't Tarzan have a beard?

**And finally:**

If Wile E. Coyote had enough money to buy all that ACME stuff, why didn't he just buy dinner?

R. S.
