**Training Director's Report**

Hello from your Training Center!

The year is off to a good start! Apprentices are working hard to gain the skills and knowledge necessary to become highly skilled electricians. I am thankful for our Instructors, and all of you in the field who share your knowledge with the apprentices. We couldn't do it without you.

I am pleased to announce a new opportunity for training. The JATC will now be offering **OSHA 30** online as a JFT class for any JIW that wants to sign up. There is a \$500.00 participation award upon completion. Please get in touch with me if you are interested.

What classes would you like to see offered? Please contact me if you have any suggestions or questions.

I can be reached at 419-229-2775 or [paul@limajatc.com](mailto:paul@limajatc.com)

**The Ole' Guys**

October, wow time does fly, but I guess I just have to get used to it. We had a nice meeting this month and had a few things to talk about, mostly about the different ways to vote. We also had a good visit about some of the things going on in Washington and how things are working out and it seems that we are not sure just what is happening, just too much going on.

We would like to invite all retirees to come to the meetings and give us your opinion.

The meeting is the second Wednesday of the month, 2:00 P.M at the union hall. We have cookies, coffee, or soda. All retirees are welcome, and we would like to see you guys.

**Things to think about:**

Do they bury people with their braces on?

What's the difference between normal ketchup and fancy ketchup?

Is there a time limit on fortune cookie predictions?

Can you daydream at night?

**And finally:**

If laughter is the best medicine, who is the idiot who said they "died laughing"?
