Training Director's Report

Once more our Apprentices shine through in the true spirit of Brotherhood! In working with Bubba C's BBQ, Local 32 Apprentices raised \$750.00 for the West Ohio Community Action Partnership! WAY TO GO!

We are slowly getting calls in for Apprentices, and we hope to be able to get them all to work soon.

We are excited to announce a special 2-day Workshop at Lima JATC Training Venter September 17th – 18th, 2021. The new 2020 National Electrical Code contains significant changes that will impact how you do your job. Stallcup's Illustrated Code Changes 2020 will combine lecture, workbook, and visual aid for the most effective training available. A \$500.00 participation award will be given to those who attend all 16 hours.

Again, if you have any thoughts or ideas or classes, please let me know.

\$1000.00 Scholarship

CALL THE HALL FOR AN APPLICATION

The Ole' Guys

April is here and the weather has gotten better, it does come and go but mostly better. We had a good visit at the meeting though, we shared how some of our children sold their homes and did it quick. We also talked about how some of us got some good deals on different items that needed fixed, and we found good deals, and did not pay an arm and a leg.

The meeting is the second Wednesday of the month at 2:00PM at the Union hall, all the retirees are welcome, and we hope more of you can come.

Things to think about:

If a mute swears, does his mother wash his hands with soap?

Don't sweat the pretty things and don't pet sweaty things.

Where do forest rangers go to "get away from it all?"

Isn't it a bit unnerving that doctors call what they do "practicing"?

And finally:

Would a fly without wings be called a walk?
