UNIONS are only as strong as the membership.

Just like any neighborhood church, non-profit, or community organization the collective strength rests with how many members of the group

Stand & Deliver.

It is time for all Union Members to man-up, show-up and participate!

Training Director's Report

We are excited to offer information on new online Journeyman classes that will be available very soon. Check out the list on the back of the Death Benefits page.

I am currently in the process of setting up First Aid/CPR classes for next month. I do not have a definite date yet, so call the training center, the hall, or check the IBEW 32 website for more details. We hope to see you there!

I want to remind you of a special 2-day Workshop at Lima JATC Training Venter September 17th – 18th, 2021. The new 2020 National Electrical Code contains significant changes that will impact how you do your job. Stallcup's Illustrated Code Changes 2020 will combine lecture, workbook, and visual aid for the most effective training available. A \$500.00 participation award will be given to those who attend all 16 hours, and you will be gifted with the new code book to keep!

Again, if you have any thoughts or ideas or classes, please let me know.

The Ole' Guys

Second week of June already and we are talking a lot about all of the eating places that are closing up. We tried to guess why they are but we had no idea why they are. We thought that it was maybe because they can't get enough help to work there.

The meeting is the second Wednesday of the month at 2:00PM at the Union hall, all the retirees are welcome and we hope more of you can come.

Things to think about:

One tequila, two tequila, three tequila, floor,

If a mute swears, does his mother wash his hands with soap?

If a parsley farmer is sued, can they garnish his wages?

What was the best before sliced bread?

And finally:

Men are from earth, woman are from earth.
Deal with it.
