Training Director's Report

In keeping with the new Federal "Green Energy" plans, we will be offering a new Electrical Vehicle Infrastructure Training Program. The Online Class will take approximately 18-20 hours to complete and must be completed within 60 days of signing up. You will need to sit for a proctored exam at the Training Center once completed to get your certification and your Participation Award of \$750.00. **This training could lead to a lot of work in the future. I encourage everyone to take it!**

Drug Free Workplace Training will be offered again March 16th. Remember... this class is REQUIRED, and this is the last class for the year. See the last page for details.

Again, if you have any suggestions for classes, please let me know.

MARK YOUR CALENDARS!

A John Hancock rep is coming to see **YOU!**

March 23, 2022

Call now to schedule your one-on-one meeting with a John Hancock specialist.

Time slots available:

3:00pm-6:00pm

Want to learn more about investing?

Attend Investing 101— 6:30pm

March 23rd at the JATC Training Center

The Ole' Guys

The Retirees Club met again in February and discussed just how fed up we were with winter. We talked about how snow and cold didn't bother us much when we were working but is a miserable problem when we retire.

When there is no grass to mow, no golf to play, no garden to weed and no baseball to watch, about all that remains is shoveling snow and trying to stay warm. I encourage all of you to try attend our March 9th, 2 PM meeting. Come to share a story or two and remember some of the fellows or gals that you worked with. You may even be reminded of an old friend you might call or visit.

Remember, coffee and cookies are on the house, thanks to the local.

If you want to know how old you really feel, stop drinking coffee and taking ibuprofen...and then wait.

In Solidarity,

Florian Smith
