Training Director's Report

SOMETHING DIFFERENT IS IN THE WORKS!

The NEW First Aid/CPR class will be a blended class. The bookwork will be done online. Once we have 8 people who have completed the online portion, we will schedule with the Red Cross for the "hands-on" part of the training. Online will be approximately 3 ½ hours, in person will be 2 ½ hours. This will be a more effective class, and the Stipend will be **\$300.00** once completed.

Our 5th year Apprentices are taking Instrumentation classes. We are in the process of setting up Instrumentation classes for the Journeymen as well. We have not had Instrumentation classes for a long time, so I hope you will take advantage of this opportunity.

And don't forget to check out the Training Page! Lots of great training for you with a stipend for each one you complete!

Again, if you have any suggestions for classes, please let me know.

The Ole' Guys

Wow! Another month has gone by, in what seemed like a week. The Retirees met again in April and looked forward to the promising signs of an approaching Spring. Although, I got a slight blush of a sunburn one day sitting on my deck and shoveled snow the next. We had a good turnout with one new retiree and a couple we hadn't seen in a while. We determined that we need a few more intelligent retirees to help us with the subjects we discussed. They were Bitcoin, credit card cash back percentages, moles, how solar works, milky spore, electric chainsaws and veterans benefits. If you can add just a little to our aforementioned subjects, please come and join us on Wednesday, May 11 at 2PM.

One of the joys of getting old is most of us can hide our own Easter eggs and TV is a blast because there are no reruns.

In Solidarity,

Florian Smith
