If you move or have a lifechanging event such as a marriage, divorce, birth or death...

WE NEED TO KNOW!

Please contact the hall with any changes so that our records AND your benefit offices are up to date!

Training Director's Report

With an eye on the future, we are offering a new Electrical Vehicle Infrastructure Training Program. The Online Class will take approximately 18-20 hours to complete and must be completed within 60 days of signing up. You will need to sit for a proctored exam at the Training Center once completed to get your certification and your Participation Award of **\$750.00**. **This training could lead to a lot of work with the government's "Green Energy Plan". I encourage everyone to take it!**

Watch out for Instrumentation, Fire Alarm and First Aid Classes. I will announce class dates once the classes are finalized.

Again, if you have any suggestions for classes, please let me know.

The Ole' Guys

The Retirees met again in March with a couple of members we hadn't seen in a while. One of them had been hospitalized and was glad to be back. A moment of silence was taken in remembrance of three IBEW brothers who had passed since our last meeting. We all shared stories and memories of them, and commented on how we needed to act when a friend or buddy's name came to mind. We talked of inviting some of those buddies to our monthly meeting. Take time to think of a friend you haven't seen in a while, give them a call. Our next meeting is April 13 at 2PM and cookies and refreshments are always available.

'Carpe Diem", time and tide wait for no man.

In Solidarity,

Florian Smith
