**Training Director's Report**

We are excited to welcome our new class of Apprentices! Orientation will be held on Tuesday, September 6<sup>th</sup> at 6:00pm. Please welcome our new Apprentices as they begin their new careers.

Don't Forget to check out all possible new classes on the back of the Training Page. These classes, if implemented, will enhance skills you may already have, and provide you with some new ones. Lots of great training for you with a stipend for each one you complete!

The **NEW First Aid/CPR class** is a blended class. The bookwork will be done online. We are still enrolling for the online classes. "Hands-on" will be scheduled as we get enough people who complete the online class. The Stipend will be **\$300.00** once completed.

We are still working on setting up Instrumentation classes for the Journeymen. I hope you will take advantage of this opportunity when it is available.

Again, if you have any suggestions for classes, please let me know.

**The Ole' Guys**

Is it me or does time seem to go much more quickly as you age? Another month, another chance to sit with old friends and enjoy the days we are blessed with. August saw us greeting retirees who had just returned from Nepal, returned from illness and people who remembered our meetings are the **SECOND** Wednesday of the month. The conversations went everywhere. We talked of the shortage of chips for vehicles, phones and so many other products, the price of scrap copper and shared health insurance information that was helpful to all. But the funniest conversation was a couple of retirees sharing their stories of the unusual service calls to a couple of houses of 'ill repute' here in Lima. Make it a point to come join us for an hour or so next month on the 14th.

The unselfish effort to bring cheer to others will be the beginning of a happier life for ourselves. --*Helen Keller*

In Solidarity,

*Florian Smith*
