We are proud to announce that we received an Excellence in Training Award for 2021 that was given in recognition of Outstanding Leadership in promoting and delivering skill & improvement training to over 75% of Journeymen in our Local!

Training Director's Report

There are still plenty of spots left for Journeymen in the Fire Alarm classes!!! August 16th & August 18th...6:00pm – 9:00pm at the JATC Training Center. **\$250.00 Stipend!** SIGN UP NOW!

The **NEW First Aid/CPR class** is a blended class. The bookwork will be done online. We have scheduled with the Red Cross for the “hands-on” part of the training on Thursday, August 11th at 6:00pm. We are still enrolling for the online classes. “Hands-on” will be scheduled as we get enough people who complete the online class. The Stipend will be **\$300.00** once completed.

We are in the process of setting up Instrumentation classes for the Journeymen. It's been a very long time since Instrumentation classes were offered, so I hope you will take advantage of this opportunity.

And don't forget to check out the Training Page! Lots of great training for you with a stipend for each one you complete!

Again, if you have any suggestions for classes, please let me know.

The Ole' Guys

The July Retiree's Meeting was well attended and was full of sharing stories of old friends and interesting jobs that we remembered. It was fun describing certain friends and the situations and results that we remembered. We talked about how some of us were around when the local pension was begun. We described the pros and cons that were voiced to the plan and those who favored and were opposed. One thing we all agreed on, we were glad that we got it started and that it remains healthy. We all talked of the extensive training program the local has established and how it foretells of a bright future for Local 32 and the members who avail themselves of the courses. The future belongs to those who stay current with advancing technology and 32 seems well prepared to advance.

"Never doubt that a small, group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has."

In Solidarity,

Florian Smith
