Dear Brothers and Sisters,

As Union Electricians, we should all take pride in being the best of the best. We offer a wide variety of continuing education classes to ensure that you keep up-to-date with changes in the industry and sharpen your skills. These classes give YOU the certifications, as well as providing you with extra money in the form of a participation award. Currently, there is up to \$2500.00 to be made by taking the classes that are offered.

One-on-one meetings with John Hancock representatives are March 13th. I encourage our members to take advantage of this opportunity to review your accounts and get some tips from the people who know. We have also scheduled an informational meeting for that evening – 6:30pm- 7:30pm. This should answer some questions and clarify some concerns you may have.

The deadline for the 4th District IBEW Health Fund Dependent Eligibility Verification and Form is coming up **March 3rd**. It is required to complete this form and include the requested documentation. **If you do not complete this form and submit the documentation, your dependents could lose their insurance coverage.** If you have not received the form yet, please contact the 4th District IBEW Health Fund office,

Work is still slow. We are hearing of progress towards the conversion towards electrical vehicles at the Honda Plants. We do not have an estimated time yet, but there is progress.

Fraternally,

Michael S. Ruppert
Business Manager
