Training Director's Report

I know that many people still have not renewed their First Aid/ CPR certification, and I strongly urge everyone to do so. We will have 8 slots open on the Monday, May 8th in person training. Remember, you will need to do the online training before attending the "Hands on" training. With a \$300.00 participation award upon completion, I hope to see everyone renew their training who hasn't already done so.

We recently did interviews for the next apprenticeship class. We are looking forward to working with and training these new apprentices as they begin a new career.

Please check the training page to show all the continuing education available for all Journeymen.

As always, please let me know if you have any ideas or suggestions for classes.

Do YOU receive a pension?

At the beginning of 2022, you probably received duplicate 1099-R for your pension. In January of 2023, TIC International issued an amended 1099-R with all zero's in the amount. This was to prevent you being double taxed for 2021. Unfortunately, some people who are receiving a pension have received a demand for payment from the IRS resulting from the double 1099-R. Please contact the hall if you need our assistance with this issue.

The Ole' Guys

The April Local 32 Retirees meeting was well attended, as 10 retirees took their Wednesday afternoon time to share with old friends. One member was back in town from Wyoming and shared his stories of grizzly bears roaming outside of Yellowstone NP near his farm. There were so many varied conversations about old friends, old job memories, how to photograph other galaxies, hailstones the size of baseballs and a LU 32 Veteran's plaque possibility, I couldn't keep track.

We took a moment to remember the passing of Brothers Mike Willeke and Ben Carey. Join us on May 17 and be surprised at the interesting and enjoyable time you will have.

Always be who you are, and say what you feel, because people who mind don't matter, and people who matter don't mind. – Dr. Seuss
