Training Director's Report

We have finally worked out the details on the upcoming Instrumentation Class that will be starting late August and run through November. Class will meet 10 nights a month. All spots for the class have been filled. Anyone who applies beyond the first 8 will be put on a waiting list for future classes. Anyone who is still interested should contact me and let me know.

As always, please let me know if you have any ideas or suggestions for classes.

The Ole' Guys

The Local 32 Retirees Club met again this June 14th, with only 5 members attending. Topics ranged from how to eliminate gophers, moles and other undesirable pests, to enlightening facts about VA benefits and helpful gardening tips. The highlight of the meeting was the the great snack tray that the Local and Penny provided for our meeting. Each month Penny makes sure we have coffee and a snack at at our meetings. She often straightens out retirement problems and answers any questions we may have about LU 32 issues. We and the Local are very lucky to have Penny as a 'problem solver' for members and retirees. Take some time to say 'Thank You' to Penny the next time you see her, she is a treasure.

See you retirees on July 12, at 2:00 PM

Always be who you are, and say what you feel, because people who mind don't matter, and people who matter don't mind. – Dr. Seuss
