STOP THE POLITICAL POWER GRAB

VOTE NO ISSUE 1

ON AUGUST 8

WHY VOTE NO?

DEMOCRACY

Passage of Issue 1 would eliminate the sacred principle "One Person, One Vote"

Issue one will mean the end of majority rule and will empower special interests and corrupt politicians.

RIGHT TO WORK (IS WRONG)

Right to Work is an attack on a union's ability to provide strong representation of their members and is pushed by corporate union-busting groups.

Americans for Prosperity, have already reached out to Ohio lawmakers making it clear that if Issue 1 passes they expect to see Right to Work (is wrong) on the ballot.

BOND ISSUES

Issue 1 will raise the requirement to approve any Infrastructure Bond issues from the current 50% to 60% of voters.

If Issue 1 passes we will likely never see another Bond Issue pass for infrastructure which is the lifeblood of work hours for Building Trades members.
