DATE?**

Training Director's Report

We are tentatively working to add CDL – Class A and Welding classes to our Journeyman training curriculum. The classes will be limited to 8 participants. Right now, we are trying to gauge interest. If you are interested in taking either of these classes, please contact myself or the hall and let your thoughts be heard.

We have noticed that many of our members have allowed their FIRST AID/ CPR certification to lapse. We strongly encourage everyone to renew their certification in the interest of safety on the jobsite. Get your computer part completed and sign up for the LIVE classes after. The “Hands-on” class will be scheduled when 8 members sign up. \$300.00 participation award when completed.

As always, let me know if you have any suggestions.

**Thank
You!!!**

Labor Day Parade went well! I'd like to thank EVERYONE who attended and send a “Special Thanks” to Travis Bodine, Bill Shaffer & Shawn Ruppert for volunteering to pull the trailers.

I'd also like to send a heartfelt “THANK YOU” to Tony Pohlman, Shannon Brennan and her boyfriend Austin, and Bethany Kohli for making decorations and signs to decorate the floats!

And last, but not least, I want to send a HUGE THANK YOU to Jared Parsley and his niece, Olivia Dickerson for cooking the burgers and hot dogs for everyone!

We couldn't have done it without everyone's help!

To Jordan Bodine
for being the winner of this year's
Scholarship!

The Ole' Guys

It is amazing... the older we get just how quickly time flies! Seems I was typing the August article just a week ago. But that is all the more reason to 'Carpe Diem' or seize the day and enjoy our friends while we can.

Eleven retirees, one who had been retired less than 2 weeks, attended our meeting. As usual, there was slightly over an hour of lively conversation ranging from health problems to EV/Hybrid vehicle advantages to VA re-evaluations to how to get and avoid speeding tickets. It is AMAZING what you can learn from a group of old, wise and unemployed electricians!!

Honestly though, we have a great time with snacks and fellowship. Come join us on October 11th.

*Never tell people how to do things. Tell them what to do and they will surprise you with their ingenuity. --
