Please review the class list and let me know which classes you would like to take.

Keep an eye out for the announcement of *LIVE* First Aid/CPR classes. You have time to take the online portion now. There are 3 open spots for the live class on April 29th, and 5 spots open for May 2nd. Please let me know which class will work for you when you sign up for the online class.

As always, let me know if you have any suggestions.

The Ole' Guys

The Local 32 retirees began 2024 wondering how the year got here so fast and how we got this old so quickly. While there was a small group that attended, several pictures of a complicated and large 6" rigid factory service were discussed. A local member told the story of how he was almost fired for pre-bending 8 - 10' conduit offsets that the superintendent thought was scrap until he found out differently.

Trading stories about many other jobs and the friends we made and remembered were told. Veteran's benefits, pension problems, Medicare benefits were just a few of the conversations. Join us on Feb. 14 and know you will have an enjoyable afternoon.

We do not inherit the earth from our ancestors; We borrow it from our children. – Native American proverb
