Training Director's Report

New faces are showing up around the jobsites. The new apprentice class is filled with some incredible people. I have high hopes for the new apprentices, and I know that our extraordinary Journeymen will make them welcome and be a mentor to them. Orientation will be Tuesday, September 3rd at the Training Center.

We have several new online Journeyman classes starting up that I think will greatly enhance your skills and provide you with new certifications that may be needed in the future... so don't forget to read the training page. I also want to make sure you know, if you don't have a computer or internet access at home, you are welcome to coordinate a time to come into the Training Center and use one of our computers. We are dedicated to helping you!

I have heard that there is still some interest in the Welding Class. Once we have 8 individuals who are willing and able to take this class, I will try to reschedule it.

As always, let me know if you have any suggestions.

The Ole' Guys

After this month's retirees meeting, I was listening to an old Kenny and Dolly song titled "You can't make old friends". The older we get we realize the truth of that song and its lyrics.

Several new 'Ole Guys' joined us this month and enjoyed reminiscing about the days and jobs that they spent with each other and with those who are no longer here. This is just a note to all of you who work hard every day. Enjoy your brothers and sisters that you work with and when you get old enough to join the 'Ole Guy's' club you will realize the joy and satisfaction of a career lived with old friends.

Come join us September 11 at 2PM and maybe see an old friend.

The unselfish effort to bring cheer to others will be the beginning of a happier life for ourselves.
