**Training Director's Report**

I'm happy to report that we have been able to activate 17 out of 22 new apprentices. We expect to get the remaining few out very soon.

I'd like to remind you all about the many classes that are available for continuing education for Journeymen through the JATC. As technology changes, so must we. The Journeyman Training Fund was created to provide YOU with the latest and greatest training in new and improved technology and safety. We want you to have access to education that can expand your skills and lead to greater opportunities. Not to mention it's a great way to bring in a little extra money,

As always, if you have any ideas or suggestions, feel free to contact me.

**The Ole' Guys**

A rather small group of retirees met this month, but the subjects discussed were many and varied. Interest rates, both home buying rates and savings rates, were discussed and where to find the best of both. Politics was kept to a minimum except to remind everyone to be sure they were registered and voting. The size of the refinery shutdown was a big topic and our memories of same. A moment of silence was taken in memory of the passing of the last editor of this column, a wonderful man, Jim Hoskins. May he rest in peace. Join us on October 9th @2:00 PM, our next meeting.
