**IF YOU MAY EVER HAVE TO
FILE UNEMPLOYMENT
READ THIS!**

The Unemployment office has made some changes. Every week, we receive an e-mail from the Unemployment Office. They send me a list of Local 32 members who have filed unemployment.

They ask me the following questions:

- Is the person filing unemployment in good standings with the union?
- Is the person filing unemployment on your out-of-work book?
- Has the person filing unemployment refused any jobs?

WE JUST THOUGHT YOU SHOULD KNOW.

DUES FOR 2025.

The Ole' Guys

Seems as though I was writing this column for February just last week. Like Willie says, "Gee, ain't it funny, how time slips away".

A good number of brothers met this month and the conversations centered on the current state of our government affairs. There were no vehement arguments, only civil talk regarding the varying positions each held and why. In the end it was determined that we are all in very important and consequential times.

It is up to each of us, as citizens, to decide what role we play and to stay involved with what is happening. We must ALL become part of the solutions and not the problems.

You cannot shake hands with a closed fist.

Training Director's Report

Nothing increases your value, confidence, and employability like furthering your education. We have many classes available... some online, some in person. I encourage everyone to take advantage of the educational opportunities that are available.

Is your First Aid/CPR certification expired? If so, please contact me so you can get the next class scheduled.

If you missed the first **CDL - class** at Apollo, we are discussing offering this class again. We must have 8 participants to get it scheduled. Please call the training center for details.

As always, if you have any ideas or suggestions, feel free to contact me.
