Personal meeting.*

DUES

JULY 1, 2025

JOURNEYMAN - \$50.00

APPRENTICE - \$48.00

CO-OP - \$28.00

Training Director's Report

August is nearly here, and with it, the final testing – August 4th and Interviews – August 7th for the next Apprentice Class. It will be a tough decision this year, as we have had many impressive candidates. Thank you, in advance, for welcoming our new apprentices and sharing your expertise with them.

We are excited to offer a new class! Temporary Power Installations Plus is coming LIVE to the Training Center on Thursday, September 25th. This one day class – 8:00am-3:30pm will offer a \$500.00 participation award upon completion.

We are still accepting applications for the CDL class and the Instrumentation class. These classes will be scheduled once we have enough participants.

As always, if you have any ideas or suggestions, feel free to contact me.

The Ole' Guys

A good number of retirees spent an informative and discussion filled afternoon in July. We all learned much from the varied conversations that were exchanged. The topics were varied and covered the cost benefits of LED lamps, varying charge times for electric cars, advantages of hybrid autos, available KWH rates in the area, how weather seems to go around the refinery, current state and national political events and how the heat and rain are affecting the current corn crop.

Come and enjoy an hour of sharing memories, stories and ideas with old friends. Come join fellow retirees on August 13th at 2 PM at the hall. We'll look forward to seeing you!

*"It's not necessary to take a person's advice to make
him feel good - all you have to do is ask for it."*
