TRAINING DIRECTOR'S REPORT

The new year is a great time to check your certifications. I strongly encourage all journeymen to update their First Aid/CPR certifications if they are expired, as well as your OSHA 30, if it is older than 3 years. Don't miss out on a job you want because your certifications are old or expired.

A rare opportunity is coming January 26th. Our 4th District Representative will be at the Training Center at 6:00pm to present Comet Training to the apprentices as well as any Journeyman who would like to take it. This valuable training is rarely offered and goes a long way towards promoting the membership of the Local.

A NEW & APPROVED Code Update class is in the works! The class should be scheduled February 2026. The date is TBD – But you don't want to miss it! Date and time coming soon!

We have had a couple spots open up for the CDL class. I'm sure these spots will fill fast, so if you're interested, please let me know as soon as possible.

As always, if you have any ideas or suggestions, feel free to contact me.

The Ole' Guys

The Local 32 Retirees would like to thank Mike, Penny and all the active members of LU 32 for another wonderful holiday afternoon get together and meal. It is hard to express the joy of seeing old friends and spouses not seen, in some cases, years. Also to see the spouses of some of our deceased members. Retirement and age have a way of making those times more memorable.

I encourage all active members to enjoy each other and the days and stories you will share together. The IBEW is truly a brotherhood and a sisterhood that can be enjoyed for a lifetime. Thanks again for remembering us again this year.

Life is a beautiful journey, that is meant to be embraced to the fullest everyday- Mark Twain

Florian Smith
