Anytime you have a serious change in your life... marriage, birth, divorce, or death. Even a change of address... Please notify the hall! We will notify the benefits offices and make sure things are updated!

The next round of testing for the next Apprenticeship class is May 11th -15th.

If you know someone who would like to apply for the apprenticeship, have them contact Jared at the hall, or Paul at the training center.

The Ole' Guys

Another cold, dreary afternoon, gave us retirees a chance to sit and share conversations with each other about many topics. It was enjoyable to discuss varied topics like heart doctors, school vouchers, gold reserves, amidst friends without the vitriol that we find on TV.

As I was writing this note, I thought of the friends I still have contact within the trades. Many retired IBEW members from Fort Wayne, Dayton, Toledo and other trades, still occasionally email or FB me. This all reminds me of the rewards of working in the IBEW for so many years. The lessons learned, the friendships established, the livable wages and the future retirement benefits are underestimated as we journey through those working years. Realize that in this 'dog eat dog' world, we are part of an organization that cares about and for each other. Don't ever forget that and know it will serve you well for a lifetime.

Retirees, come join us on March 11th @ 2PM to share thoughts, memories and old friendships.

"There are no secrets to success. It is the result of preparation, hard work and learning from failure." Colin Powell

Florian Smith

TRAINING DIRECTOR'S REPORT

Comet Training is coming soon! This valuable training is rarely offered and goes a long way towards promoting the membership of the Local. We are working to get this special training scheduled soon. You won't want to miss it!

If you missed the Code of Excellence class on February 26th, we are working to get more classes scheduled. This will be required for many upcoming projects. We strongly suggest you take this class if you do not have this certification, or if you have lost your card.. You will need it to take Data Center calls and possibly others in the future. Additional dates to be determined.

A NEW & APPROVED Code Update class is in the works! The 2 night – 4 hour class has been rescheduled to take place later in the year due to some changes in the Code. Hoping to schedule sometime in June. Watch for date and time to be announced soon.

As always, if you have any ideas or suggestions, feel free to contact me.
