TRAINING DIRECTOR'S REPORT

School may be out for the summer... but you can still take classes with us. Please look over the class list in this newsletter. There are many classes, and even several you can take on your computer at home. This is a great way to increase your knowledge and skills and earn a participation bonus as well!

We are always accepting applications for the apprenticeship. If you know someone who is interested in learning a new trade, please have them contact us.

As always, if you have any ideas or suggestions, feel free to contact me.

The Ole' Guys

The Ole Guys, nine of us, spent another enjoyable afternoon with snacks and cordial conversations with friends. The subjects were varied and engaging for all.

What seemed to be a common thread of the conversations was the importance of getting involved in current events, no matter your political leanings. Our country is changing, and our politicians need to hear from us as to how each of us see what we feel needs to be changed. More importantly, stay informed, GET REGISTERED to vote, study the candidates and their positions. Our country depends on each one of us and every citizen to do just that. Show all politicians, regardless of party, that they work for YOU, not the other way around!

Come join us on June 10th, @ 2 PM and grab a snack, share a story, voice an opinion, comment about anything you choose, you will be amongst friends.

"The only limit to our realization of tomorrow will be our doubts today." -Franklin D. Roosevelt
