Dear Brothers and Sisters,

Summer is heating up! Make sure you stay hydrated while working in this heat. Safety first!!!

We have open calls for Sidney Electric at the refinery paying \$11.00 over Scale. We are still getting calls for the Scioto Ridge Solar Field in Kenton. The LMA1 Data Center in Lima will soon have multiple contractors and many job calls. We hope to see our members come home to work from your home Local, make good money, and time with your family and loved ones.

Every year, Local 32 awards 2 - \$1000.00 Scholarships for the children of members who will be going to college this coming fall. If your child is planning to go to college and is 24 or younger, contact the hall for more information and an application.

Just a reminder... You are a member of IBEW Local #32, but you are not an employee of IBEW Local #32. If you apply for a loan, please give them the name of your contractor as your employer. We cannot verify your income because we do not write your paycheck.

"In death as in life, we stand together, always a family, always a team. The brotherhood never dies."
— Marcus Luttrell
