TRAINING DIRECTOR'S REPORT

Many classes are available, even in the summer. Please look over the class list in this newsletter. There are many classes, and even several you can take on your computer at home. This is a great way to increase your knowledge and skills and earn a participation bonus as well!

We are always accepting applications for the apprenticeship. We will be taking additional Apprentices in this year due to the many jobs that are coming. If you know someone who is interested in learning a new trade, please have them contact us.

As always, if you have any ideas or suggestions, feel free to contact me.

The Ole' Guys

Another Retiree's Meeting popped up again in June, which seemed like it was only a week after the May meeting. I guess that is how quickly time goes by as you age. Nevertheless, a good group of retirees met again and discussed many, many different topics.

They ranged from utility rates and their varying sources to local tax issues, to the cost of living. There were many other topics I won't mention.

I encourage those of you 'Ole Guys' who haven't attended one of our meetings to join us and share a topic of your choice in July.
